KEROVIT

Bathrooms you desire

BATHROOMS YOU DESIRE

A bathroom is more than a space.
It's where mornings begin fresh
and evenings slow down.

It's a place shaped by colour that calms,
design that feels intuitive.

At Kerovit, every form, flow, and finish is thoughtfully designed—
not just to look modern,
but to feel comfortable every single day.
Advanced technology ensures cleanliness you can trust,
while smart design ensures ease without effort.

Because true desire isn't created by appearance alone.
It comes from how a space supports your routine,
respects your need for comfort,
and gives you confidence in its hygiene.

That's why we don't just make bathrooms.
We create spaces people enjoy using—
day after day.

BORN IN INDIA BUILT FOR THE WORLD.

Where Indian Hands Craft Perfection

A view of Sanitaryware Plant at Morbi, Gujarat

Kerovit has redefined the bathroom experience through innovation, thoughtful design, and advanced engineering. Focused on hygiene, cleanliness, and everyday comfort, Kerovit creates contemporary solutions for modern living spaces.

Born from **Kajaria's legacy**, India's No. 1 tile company, Kerovit carries forward a strong foundation of trust, excellence, and uncompromised quality—reflected across every product and process.

Kerovit offers one of the widest ranges of bathroom solutions, including faucets, sanitaryware, wash basins, showers, and accessories, anchored by two distinct collections - **AURUM and KLASSIC**.

The **Aurum Collection** features a premium range of **PVD-finished faucets** that deliver superior surface quality, enhanced durability, and long-lasting finish, along with **coloured sanitaryware** designed to create distinctive and contemporary bathroom spaces.

The **Klassic Collection** focuses on timeless aesthetics, reliable performance, and everyday functionality, making it an ideal choice for modern Indian homes.

GREEN INNOVATION

WHERE DESIRE MEETS RESPONSIBILITY.

Every drop of water matters. A slow-dripping faucet can waste nearly 15 litres a day, while an unchecked leak can drain up to 1,440 litres daily. Across India, household leaks alone account for an estimated 3.4 trillion litres of water wasted every year, further amplified by distribution losses that reach 40–50% in several cities.

At Kerovit, the desire for better bathrooms goes hand in hand with respect for the planet we live on. Conservation of water—a life-nurturing resource—is central to our thinking. Through green innovation technologies, we design bathroom solutions that reduce water wastage and help preserve the planet, ensuring today's desires never come at the cost of tomorrow's needs.
